Shalom dear friends of the Jewish people

Once again it has been a year that most of us would just as soon forget. But G-d is L-rd of the good times and the bad. The good news is that our work among the Jewish people has continued during the pandemic. We have once again been able to travel abroad to visit the works that you, our dear friends, have made possible. Here is a recap of what we have been able to accomplish during 2021.

## ISRAEL

I have just returned from 2 weeks in Israel. I spoke in Acco, the congregation which you helped us to renovate, Katzryn, Nahariyah, Maalot and twice in Karmiel. We prepared 150 Chanukkah parcels for poor Russian and Orthodox Jewish children. A 91 year old Holocaust survivor was brought to one of the meetings and heard me speak. He still carries the pain of his experiences and the loss of his family. I told him that G-d could bring him peace and fill his heart with joy. I did not know if he received my words but the next Shabbat he came to service, for the first time! Also, thanks to you, we were able to buy a new EKG machine for one of the congregational leaders who is also a medical Doctor. Her machine was 20 years old and barely worked. She has led many Jewish people to faith in her medical office. We stayed with our beloved daughter who we had not seen in a year and a half! What a joy! We have many more plans for the coming year. Thank you for making all these things possible!
