

Shalom

Chalom dear friends. It has certainly been Oa difficult year! Difficult for Jewish people around the world who suffer from poverty, persecution, and antisemitism, and difficult for those who read the Scriptures and believe the message of love that all Believers are commanded to have for the Jewish people. Although the recent events are heartbreaking, they are not unexpected. Scripture is clear about this. Joel chapter three says, "I will gather all the nations and bring them down to the valley of Jehoshaphat. Then I will enter into judgement with them there on behalf of my people, my inheritance, Israel..." Zechariah 14 tells us, "For I will gather all the nations against Jerusalem to battle...Then the L-rd will go forth and fight against those nations..." The world hates the Jewish people, but more than that it hates the G-d of the Jewish people. They cannot attack G-d but they can attack His people, His inheritance. What is our response to hate? Love! The Jewish people need your love, support, and prayers now, perhaps more than any time in our lifetime. Here are a few ways we are responding to hate.

UKRAINE

We continue to provide funds for feeding Jewish people in 8 communities around the capital of Kiev. This horrific war has destroyed so many lives and continues to endanger so many more. The Jewish people of Ukraine need our help and prayers as never before.

Delivering aid to the Ukraine

Blessing Jewish people
